vol. 6, No. 7, February 22, 1961 A. Playford, Publisher, Box 130, Drayton Valley.

COUNCIL MEETING

Summary of Council meeting held on Thursday 16 Feb. 1961 at 8:00 A.M. Council opened the meeting with a motion to adopt the minutes of meetings of Jan. 1961 and Jan. 20th, 1961. The List of Accounts were then examined and on motion to accept and approve them they were adopted as presented. Final reading was given to Bylaw No. 220 cancelling certain uncollected taxes. This had been deferred till the minister had examined it and given approval.

Fire Chief Don Gieseler met with Council and pointed out the many reasons why the Fire Alarm Siren should not be set off on every fire. After hearing his enlightening explanation, Council decided for the time being to leave the sounding of the siren to the discretion of the Fire Department Chief on his representation. The Fire Chief also gave Council a report on the Fire Department outlining some of the measures taken in the past with regard to Fire Prevention and Fighting and of some of their proposals for the future. Council moved a vote of appreciation to the Fire Chief for the time he had given on his interest report.

Council then took up the question of the petitions received about Early Closing Bylaw Amendment. It was decided since no op-

position was voiced on the part of the Council (with exception of Jewellers and Radio and T.V. Repair and Sales - that Bylaw No. 220 be given 2nd and 3rd reading thereby declaring law the Amendment requested to Early Closing Bylaw No. 89. This means that on after the 8th day of March 1961 Wednesday afternoon from 12:30 P.M. and Monday evenings from 6:00 P.M. will be closed to business. Also Jewellers and Radio and T.V. Repairs and Sales Shops were added to the list of those exempted from the provisions of this Bylaw.

After Council had been given a report on the proposal to purchase some 20 acres - (approx) for Sports and Picnic Grounds in the S.W. corner of town, they gave first reading to a Bylaw to authorize its purchase and directed that procedures be initiated for holding of Plebiscite to authorize said purchase.

Midget Hockey

MIDGET HOCKEY TOURNAMENT

The Home and School Assoc. is holding its next meeting Mon. Feb. 27 at 8:45 p.m. Miss Shevlenek will show her slides on Hong Kong. She for merly taught there for 4 years. We wish to thank all who brought baking to the Bake Sale. Those who were not able to bring their baking, donations could be brought to the meeting or sent to Mr. Frank Payne. We did not quite reach our objective.

The first game will be played

at 10:00 a.m. - second at 3:00 p.m. and the winners of these two games will play off at 7:00p.m. for a trophy supplied by Thompson's Sporting Goods.

With any enthusiasm from local spectators it could become an annual event.

Come out and support your local team. Cheer them on to victory and the winning of the trophy.

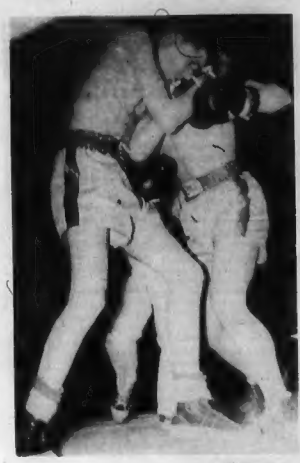

Police Report

In Police Court recently four cases of illegally conveying liquor brought \$25.00 fines in each case, on Feb. 8th.

The following day another case of illegally conveying liquor brought a \$25.00 fine. On Feb. 17th, a case of illegal possession of liquor brought a fine of \$12.00.

Home & School

The Home and School Assoc. is holding its next meeting Mon. Feb. 27 at 8:45 p.m. Miss Shevlenek will show her slides on Hong Kong. She for merly taught there for 4 years. We wish to thank all who brought baking to the Bake Sale. Those who were not able to bring their baking, donations could be brought to the meeting or sent to Mr. Frank Payne. We did not quite reach our objective.

The third member of the Fighting Combs' Trio, Marvin, won a close decision over Arnold Webber. Here they are seen in action, with young Combs in the foreground. It was Webber's first fight.

GAS TRUNK LINE

The Alberta Gas Trunk Line Company Limited has announced plans to raise the sum of \$10 million by the sale of 5 3/4% \$100 par value preferred shares of the Company. The sale prices of the shares to the public has not been definitely fixed, but will be announced when the securities are released for sale on or about March 7, 1961.

There will be no common share warrants attached to these securities and no right will be given to convert them to common shares at any time.

The issue will be underwritten by a group of Canadian investment houses (all of whom have offices in Alberta) under the joint management of Tanner Bros. Ltd. and Dominion Securities Corp. Ltd. and the underwriters have agreed

Lodgepole Hotel

The hotel in Lodgepole got a new recently when rooms were opened to the public.

The cafe, with a seating capacity of about 60 persons, will be opened soon. The licensed portion of the premises will be opened in a few weeks, as soon after the restaurant is in operation as possible. Provisions in the hotel building make room for a dining room in connection, but it is not known at the present time whether the additional seating capacity of the dining room will be required or not. If it is found that the dining room capacity is not required, the space will be rented for mercantile purposes.

Drayton Valley Boxing Club, under the auspices of the Drayton Valley Athletic Association again put on a first-class boxing card, last Thursday, February 16th, in Elk's Community Hall. Eight bouts were staged, with clean k.o.'s registered in two of the bouts. In the picture above Orvin Combs of Drayton Valley Club had just connected a fast right glove with the jaw of Vic, Cattleman, of the Hobbsma Warrior Club. The Hobbsma Warrior had put up a good scrap until Combs stopped him cold in the second round.

Reports**

Recently there has been much talk about the new feed mill policy. I would like to state the facts as I see them.

Prior to 1957 Feed Mills operated without license from the Wheat Board for most part and bought grain at will and at negotiated prices.

In 1958 and 1959 the Wheat Board tried to enforce quota regulations. Most mills got around this by using a feed lot or farm as a buyer for them.

In the Agricultural Committee the following facts were ascertained:

1. The Wheat Board couldn't enforce their regulations.
2. The amount of grain involved was less than 1%.
3. We in Western Canada were suffering for lack of an adequate feed industry.
4. There were two groups of mills operating. The ones licensed and buying through the Wheat Board.

A very small number. The others were non-licensed mills buying at will.

To bring some sense out of this the Wheat Board amended their regulations to:

1. License all mills.
2. Allow them to buy off quota at negotiated prices for in province consumption.

We must in Western Canada become more concerned with the finished product. We must finish more of our produce here and use our own grain up. We have too long been sending feeded stock out of the West for someone else to finish.

We should be willing to give this plan a trial of a year to see how it works. Contrary to what some views are, we are sincerely trying to help Western Agriculture, and this is another way this can be done.

Rather than weaken the Wheat Board, I am sure it will strengthen its position as all of these mills will be licensed now.

By DICK BOCKING
Stimulating Milk Production

An effective pre-milking stimulus will prove invaluable from the point of view of increased milk production and decreased milking time. R. P. Dixon, Supervisor of Dairy Cattle Improvement with the Alberta Department of Agriculture, made this

statement in connection with an experiment which was carried out on dairy cows in New Zealand.

The experiment showed that a substantial increase in milk production and decrease in milking time resulted from a thirty second wash and hand stimulus of the lower udder and teats of a cow before she was milked.

The thirty second hand stimulus as against a system where the machine is relied upon to produce the let-down stimulus, resulted in a milk production increase of 25 per cent in the well stimulated group in the test. The experiment also revealed that the production of some cows is very considerably reduced when no pre-milking stimulus is used while others, in comparison, are little affected.

The cows with a poor let-down response appeared to be the most affected in their production by lack of stimulus. Unfortunately it is not yet possible to readily distinguish, in the field, between the cows which really need pre-milking stimulation and those that can get along without it. It is hoped, however, that tests will be devised for field use.

The experiment showed the reduction in milking time, for the well stimulated cows, more than made up for the extra time spent on the wash stimulus.

Mr. Dixon stresses that adequate stimulus to milk let-down is just as important under Alberta conditions as it is in New Zealand.

Chemicals and Wild Oats

Cultural control, including the use of an early barley pre-control and followed by proper cultivation, is still the best method of controlling wild oats. But the new chemicals, Avadex and Carbyne, are an important aid to the controlling of wild oats.

Tests in 1960 showed yield increases through the control of wild oats with these chemicals. And it appears that good results can be obtained with rates of application lower than were first thought necessary. It is very important that the correct rate of application be used, that it is used at the right time, and that a good uniform coverage is obtained.

Avadex (a pre-planting application) has received full recommendation for flax and barley crops at a rate of 1 1/2 to 2 pounds per acre for the flax and 1 1/4 to 1 1/2 pounds per acre for the barley. The recommended rate for rye is 1 1/2 to 2 pounds per acre. Avadex is recommended for trial use only on wheat at rates up to one pound per acre.

The higher rate of Avadex has given better wild oat control on heavy clay soils. Under some conditions, thinning in barley may occur but the possibility of

this happening can be offset by increasing the seeding rate. Five gallons or more of the chemical solution should be used at a spraying pressure of 50 pounds per square inch. The treated area should be worked the same day at a depth of not more than 3 inches. Seeding may be done immediately or as soon as is convenient.

Carbyne (used after growth has begun) has been recommended for wheat and barley at a rate of 5 to 7 ounces per acre in both cases. Five to seven ounces are also recommended for rye. Carbyne has been recommended for trial use only on flax at a rate of 5 to 7 ounces per acre.

Maximum rates of Carbyne should be used in very heavy wild oat infestations. Some crop damage may occur at the higher rates but usually yields are increased due to the removal of wild oats. For optimum results, the chemical must be applied when the majority of the wild oats are in the 1 1/2 to 3 leaf stage.

Four gallons of solution at a pressure of 45 pounds per square inch should be used for Carbyne. The action of this chemical kills or stunts the wild oat plants, thus preventing or reducing competition within the crop. The degree of control is largely dependent upon the uniformity of wild oat emergence.

FARM MEETING

CREDIT AND LAW TO BE TOPICS AT FARM MEETING

Family farm business agreements and the use of credit on the farm will be discussed at a meeting for farmers on TUESDAY, MARCH 7th in the STONY PLAIN COMMUNITY CENTRE at 1:30 p.m., and again on WEDNESDAY, MARCH 8th in the EVANSBURG COMMUNITY HALL at 1:30 p.m. AGRICULTURE DISTRICT BOOKING has announced.

Law as it affects farmers will be discussed also, with particular emphasis on estate planning, wills, mortgages, and so on. There will be plenty of opportunity for questions and discussion on these vital topics.

Mr. C. F. Brandley, the Department of Agriculture's lawyer, will discuss the legal topics. Dr. G. E. Ackerman of the Farm Management Branch will discuss father and son business agreements, partnerships, and other forms of farm business agreements.

Proper arrangements between farmers and banks is becoming increasingly important in farming today. Often a farm represents a large investment, and if father and son are to harmoniously together, and if the

OIL WIVES' MEETING

By Mrs. Olive Adams.

A delicious stuffed roast veal dinner with all the trimmings was served to the Drayton Valley Oilwives Club for their Feb. 13 meeting. It was held on Monday 13th in the Cardium Room with 90 members and guests present.

Farewells were said to two of our executive members, Naomi Saint is leaving for Alida, Sask. and Gail Balask has accepted a position with the Hudson Bay Co. in town and will be resigning from the Club. Leaving the positions of Reservation Chairman and Secretary empty, elections were held and Belle Bowman and Lois Clement took the chairs respectively. It was announced that Joan Machan, taking Marg. Walters place as a voting delegate, and Ev. Halwa as a second delegate left on Monday to attend the 3-day International convention in Calgary. Duetting was also to be there as our nominees for a seat on the International Board of Directors.

It was announced that the regular February dance will be called off due to lack of club enthusiasm and due to the fact that it will be during Lent.

After the business meeting concluded a "Hit Preview" was shown with the very capable commentating of Doreen King. Several spring bonnets were modelled compliments of HBCO, and then some of our girls modelled self-designed creations including one for "wilted heads". The door prize was won by Marlene Sants.

FARM MEETING
(Cont., from page 8, Col. 3)
transfer of the farm from the older generation to the younger is to be accomplished fairly and smoothly, then a good business agreement is essential.

The proper handling of an estate is an important part of the transfer of land to the younger generation. The drawing up of wills will be discussed by Mr. Brandley as well other legal matters such as the due of mortgages and agreements for sale.

Credit is an essential part of any business, and farming is no exception. Dr. Ackerman will discuss the different types of credit, when credit should be used, and how to get it.

All farm families are invited to attend this meeting.

REPORT FROM LEGISLATURE
(Cont., from page 3 col. 2)

of trunk drainage systems in the St. Mary and Milk River Development and the Box River Development irrigation projects.

The Thorne Speech took note of the recreational and unemployment problems nationally, pointing out that while this is a national

question, Alberta pledges to do all in its power to bring about economic and financial reforms that may be necessary.

In the field of agriculture, the Government proposes increased services to meet the needs of the livestock industry; further development of community services, programs to aid in the control of livestock diseases; a new Sals Act to encourage practices aiding conservation of soil resources and amendments to the Eastern Irrigation Districts Act and the Water Resources Act. A new Expropriation Act will also be introduced providing for more uniform and equitable procedures for expropriation of land.

The Speech from the Throne also outlines amendments to legislation dealing with natural resources to review such legislation in the light of present day circumstances thus ensuring the continuation of a sound and efficient development program in the interest of the people.

Legislation dealing with Welfare Assistance, approved at the last session of the Legislature but not proclaimed, will be carried out this year. The Welfare Assistance is related to individual need and gives recipients of Mothers' Allowance, "Widows' Pensions and Support."

How do I save?

I'm a working girl, so saving isn't the easiest thing in the world. But I've found how to make it easier... I use the "Royal's" 3-Account Plan. I like the way it keeps my saving and my spending quite separate.

I use a Personal Chequing Account to pay bills. My Savings Account is strictly for saving. I'm really getting ahead, now I've stopped dipping into savings. They're building up, earn interest too... it works!

The Chapel Hour

All Saints' Anglican Church
Rev. J. Russell Brown

During the last three weeks, the Church has been reading herself for the Lenten Season. No doubt there are some who view this time of year as a weary and unswelcoming change in their Christian life. It has not been so long ago that I felt very much the same way about the evening and night, I say this as a minister of encouragement rather than justification, for I know that each of us, by the grace of God, can enter into the joy of this season and find for himself or herself a blessed time of Christian vitality and investigation, preparation and service. The term "Lent" is derived from the Anglo-Saxon and means "long days," or "spring." The Churchmen means a Spring period of fasting and penitence in preparation for Easter. Ash Wednesday is the first day of Lent and takes its name from the ancient custom of carrying to Church the palms that had been blessed on the Palm Sunday of the previous year. Here they were burnt and the ashes placed on the forehead of the faithful in the form of a cross while they were reminded that man is but dust and will return to dust.

Our forty-day Lenten fast commemorates Christ's fasting and preparation in the wilderness, and as serves as a preparation for the great Feast of Easter. The fourth Sunday in Lent is known as Mid-Lent, Mothering Sunday, Passion Sunday, the second before Easter, is named because of the Gospel reference to our Lord's Passion, Palm Sunday, the first before Easter, and the first day of Holy Week, observes Christ's triumphant entry into Jerusalem to proclaim His Messiahship. The following day Christ drove the money-changers out of the Temple. Maundy Thursday takes its name from the word meaning "mandate" or "command." On this day our Lord commanded the Apostles to love one another and to partake of the Blessed Sacrament "in remembrance of Me," as the instituted the Eucharist, or Holy Communion. On that same day we remember also our Lord washing the feet of the disciples. His agony in Gethsemane, and His betrayal and arrest. Good Friday is the day of His Crucifixion, Saturday, or Easter Eve, ends the season of Lent and our thoughts ascend unto the Queen of the Resurrection, the Day of the Day of Resurrection.

During the six weeks of Lent we seek through spiritual discipline and devotion to make ready our souls for the celebration of Christ's glorious resurrection on Easter morning. Many of us miss the deep meaning of Lent by thinking of it as a time when we must give up material things rather than as a time when we should seek a spiritual experience. We need to recall Bishop Wilson's words: "Lent is not in 'doing something,' not merely in 'doing without something'."

ANGLICAN CHURCH NEWS

Themes for Mid-Week Lenten Services.

Wednesday, Feb. 15th, "Unrecognized yet Amazing" Wednesday, Feb. 22nd, "The Incomparable Teacher" Wednesday, Mar. 1st, "The Crucial Saviour" Wednesday, Mar. 8th, "The Divine Reconciler" Wednesday, Mar. 15th, "The Ministering Host" Wednesday, Mar. 22nd, "The Suffering Servant"

A connection is to Lenten Mid-Week Services: There is one more service than was listed in last week's paper. Wed. Mar. 22nd Every Wednesday throughout the Lenten Season there will be a 7 A.M. and 10:00 A.M. Communion Service.

LUTHERAN CHURCH NEWS

There were sixteen ladies present at our February meeting of the Ladies' Aid Society.

Arrangements were made to have

MILLIONS ARE LISTENING!

Time in on the Old-Fashioned Revival Hour

Charles E. Fuller

present the word of God on this timely subject also hear your favorite old hymns of the faith sung by the consecrated choir over the ABC Network and affiliated stations EVERY DAY

Starts 8:00 P.M. Time 8:00 P.M. to 9:00 P.M.

Tune in this Sunday!

additional capsule built to one kitchen. Mr. Edwin Randell and Mr. Adam Schert have offered to go ahead with this project.

The ladies have undertaken to make a dress curtain for the altar. The material is being ordered, and as delivery is approximately six weeks. It will be about eight weeks before it will be completed.

The Hospital Auxiliary has requested of various church groups for volunteer sewing and mending for the hospital. Mrs. Ed Adams volunteered to approach the Hospital Auxiliary for more information and material.

Mrs. Ed Adams will be Hospital Visitor for the next month. Mr. Ben Boonema and Mrs. Margie Tooley will be cleaning the church for the month of March.

An enjoyable lunch followed the meeting served by Mrs. Nat Boonema.

The next meeting will be held on March 18th, 1961 with Mrs. Mary Fucholtz as hostess.

The choir is meeting again every week to rehearse for the Easter season. On March 19th the choir will sing their first selection, "O Sacred Head Now Wounded".

The choir meets weekly at the church and anyone interested in singing may call Mrs. N. Scholtz at 542-2034.

The nursery class Sunday School teacher, Mrs. Pat Dressler recently moved to Red Deer. Mrs. Dawn Goebl is now taking her place as teacher of this class. Rev. Jens meets regularly every first and third Sundays of the month with the teachers. On March 19th, 1961 he will begin a Sunday School Training course with them called, "Teaching Little Amalee Jane".

A letter was received from Rev. R. Hamp of Minnesota, declining the call sent to him from Drayton Valley and Tomahawk Lutheran churches. Another call meeting will be strangled soon with Tomahawk.

Mr. and Mrs. Eugene Randell attended a meeting in Edmonton of the Lutheran Camp Association. This campsite is located just across the lake from the Gulfview Beach and is being sponsored by

the Lutheran Laymen's League of the Edmonton district. There is still much work to be done to clear the area for camping. The road from the north entrance has almost been completed and is ready for graveling. One of the men's clubs from Edmonton is planning on building a camp kitchen this spring so that out-going people will be able to attend a youth camp this summer.

At the annual meeting of the women of Binnam Lutheran Church the following men were elected officers for 1961:

President - Mr. Ervin Randell Secretary - Mr. Charles Schneider Treasurer - Mr. W. L. Lisle Financial Secretary - Mr. Fred Tooley, Ambassadors - Mr. Carl Anderson and Mr. Everett Brant. Elders - Mr. Gus Pyle 1 yr. Mr. Remy Margery Zytz. Trustees - Mr. Adam Schert 1 yr. Mr. Eugene Randell 1 yr. Mr. Chris Fank 1 yr. Head Usher - Mr. Jack Oswald

An organ fund has been started by the congregation. To introduce this project, Mr. Adam Schert drew a large sketch of an organ which will be on display in the church entrance.

A Person Letter To His People. CO-OPERATION. X-ray thought my typewriter is an old model. It would quite well except for one of the keys. I have many times wished that it worked perfectly. It is true that there are forty-one keys that function well enough, but that one key not working makes the difference.

Sometimes it seems to me that our church is somewhat like my typewriter - not all the key people are working properly. As one of them, you may say to yourself, "Well, I am only one person, I don't make a big difference, because a church is so ineffective, needs the active participation of every person and that your efforts are not needed very much."

This is what happens to the whole church, and multiply this by many times - the whole thing just doesn't make sense! Don't be a broken key - be a usable one.

- Author Unknown.

REPORT FROM LEGISLATURE

(Cont' from page 9, Col. 3)

will be studied by the Legislature this session - one related to the Workmen's Compensation Act and the other concerning the redistribution of electoral representation in the Legislature.

Prior to the opening, Lieut. Governor J. Percy Page reads in the newly elected Social Credit members of the Legislature. H. C. Lalwender, member for Medicine Hat and Robert Clark, member for Drayton took their oaths before the opening of the session.

The house will serve as a focal point for that area which will keep developing and which some day become a quite well-settled community. Nothing but trees and the area that is now Lodgepole until late 1965, just five years ago, the town is still in early stages of development. The country to the west will be opened and developed more and more with time, and one of these days there will be a highway up the west side of the Saskatchewan, crossing the Brazeau, connecting the district with Noddy and Rocky Mountain House, bringing a lot of north-south travel through Lodgepole.

Friday afternoon the formalities of moving and seconding the report to the Speech from the Throne took place with Ambrose Holmbeck, S.C. - Edmonton Central the mover and Mr. Clark the second. Both commended the Government on its proposed program with pleasure expressed that the tax burden would be on a more equitable basis. Mr. Clark, in his maiden address, spoke of his inequity but proceeded to speak fluently in a very commendable manner for twenty minutes. He wanted that education should not be lowered to have money and called for action in removing the railway crossing hazards.

An historic event also took place Friday as Premier Manning moved a motion, unanimously approved, permitting opposition members two opportunities to speak during the Throne Speech and Budget debate. Up until now all members have been permitted to speak only once. Reason for the change is the fact that only four members, each representing a different political affiliation, are the whole opposition.

There might be something to reconsideration, judging by the way some people come back to life at quitting time.

LODGEPOLE HOTEL

(Cont' from page 1, Col. 4)

Provisions have also been provided for banking facilities. Two different banks are currently reviewing the situation at Lodgepole, with an idea to moving in. Thus far, however, no definite commitments have been received from any bank for the place, which Lodgepole residents hope will be utilized by a bank.

The hotel will serve as a focal point for that area which will keep developing and which some day become a quite well-settled community. Nothing but trees and the area that is now Lodgepole until late 1965, just five years ago, the town is still in early stages of development. The country to the west will be opened and developed more and more with time, and one of these days there will be a highway up the west side of the Saskatchewan, crossing the Brazeau, connecting the district with Noddy and Rocky Mountain House, bringing a lot of north-south travel through Lodgepole.

CHRISTIAN BROTHERHOOD HOUR

BEAMED WIDELY FROM TRANS WORLD RADIO

By: Pastor Wilfrid

The Christian Brotherhood Hour is now being beamed to target areas in the British Isles, southern Europe, the Iberian Peninsula, central Europe, the Near East, eastern Europe the Scandinavian countries, and Soviet Russia.

The big voice carrying this international program of God broadcast is Trans World Radio, a 100,000 watt station with eight directional antennas which boost its effective radiance power to 7, 600,000 watts.

The great station, originally built by Adolph Hitler for Nazi propaganda purposes, is located in Monte Carlo, Monaco. Handling some 109,000, 000 radio sets, the station began carrying C.B.H. in October.

The broadcast is presently being carried on more stations and in more parts of the world than at any time since it is first broadcast. In January 1947, according to R. Eugene Stumm, executive director, it is being aired on more than 230 stations, 22 of these outside the United States. Other major foreign outlets include the Far East Broadcasting Company in Manila and the Voice of the Andes, Quito, Ecuador.

Tune in this world wide radio program on your radio each Sunday at 9:00 A.M. on station C.H.E.D. Edmonton.

Indson's Day Company. DRAYTON VALLEY

NOTICE TO RESIDENTS OF ALBERTA

The Alberta Gas Trunk Line Company Limited has announced plans to raise the sum of \$10 million by the sale of 54.4%, \$100 par value preferred shares of the Company. The sale price of the shares to the public has not been definitely fixed but will be announced when the securities are released for sale on or about March 7, 1961.

There will be no common share warrants attached to these securities and no right will be given to convert them to common shares at any time.

The issue will be underwritten by a group of Canadian investment houses (all of whom have offices in Alberta) under the joint management of Tanager Bros. Ltd. and Dominion Securities Corp. Ltd. and the underwriters have agreed to conform with Alberta Gas Trunk Line's policy that every opportunity shall be given to residents of Alberta to purchase these securities. Although the actual public offering will not be made until on or about March 7, 1961, this advance information is being released by the Company in Alberta to give Alberta residents ample opportunity to make inquiries concerning these securities.

Arrangements have been made whereby interested parties may make inquiries to and obtain information from Investment and Broker Dealers, Treasury Branches, or Chartered Banks in Alberta. Any person interested in purchasing the securities is requested to get in touch with one of these institutions as soon as possible and not later than Tuesday, March 7, 1961.

TWO HOUR PARKING

Parking regulations on Drayton Valley's main street have gone into effect with the passing of a bylaw to that effect. Two hour parking will be the rule of the day, each day, except Sunday, from 9 a.m. till 6 p.m.

Biking will now be permitted in front of the theatre for a certain specified time each day but prohibited from 7 till 11:30 each evening, during showtime, and on Saturday afternoons.

The council may designate and cause to be marked, the portions of highway where parking for two hours or for any shorter period of time is permitted on any week day and no person shall park a vehicle on such portion of highway for any period of time exceeding the time so designated and marked.

(4) "No driver shall park a vehicle during the prohibited hour."

Cont. on Page 2, Col. 3

Youth Groups

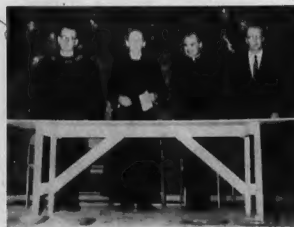

World Thinking Day, commemorating the vision of the great founder of the Boy Scout movement, Lord Baden Powell, was observed in Drayton Valley on Saturday with appropriate ceremonies.

Following is the by-law, which made the two-hour parking regulation effective.

707. (1) For the purpose of safety and for preventing traffic obstructions the Council is hereby authorized and empowered to prohibit or regulate the parking, placing or standing of vehicles for such a distance from the boundaries of any intersection where automatic traffic lights are now or may hereafter be installed as they may deem expedient, provided that the foregoing shall not apply to a vehicle merely waiting at such prohibition or regulation shall supersede any provision of this by-law to the contrary notwithstanding.

(2) The council may decide upon what highway persons may park vehicles by angle or parallel parking and may cause

When the group arrived at the Scout Hall they took part in a service that was held, in which they renewed their vows as members of the Scouting and Guided organization, with leaders of the various groups of Cubs, Scouts, Brownies and Guides leading in that order of the

Staff Photo

Ministers participating in World Thinking Day Services in the Scout Hall, Saturday afternoon, February 26th. Left to right they are: Rev. Wright, Rev. Brown, Rev. Scriven, and Pastor Wulff.

Church leaders, the Rev. Wright, Pastor Wulff, Rev. Fr. Scriven and the Rev. Brown conducted the weekly service for the assembled group.

The ceremony was the first of its nature that has been conducted in Drayton Valley and will probably become an annual event. Representation of the various groups was very good, with most of the youth who are members of the four organizations present for the services.

Following is a list of the Brownies, Guides, Cub and Scout leaders.

BROWNIES
Mrs. K. Bright and Mrs. Reynolds as leaders with Mrs. L. McLean and Miss McMillan as assistant leaders.

GUIDES
Mrs. Gray as leader with Mrs. Tennant and Mrs. McLean as assistant leaders, and Sheila Campbell as Company Leader.

CUBS
Walter Krause and Ron North as leaders and Jack McLean, Jack O'Rourke, Buck Bedard, Bill Adams, Rex Anderson, Ken Astle, Ian Sturton, Ray Clearmont and Ken Fletcher as assistant leaders.

SCOUTS
Fred Tooby and Heinz Baum as leaders and Emil Duccetto as the assistant leader.

NEWTON P. DODSON & LUCY S. DODSON

Mr. N. P. Dodson was born in Virginia in 1876. He was born on a farm in the Virginia hills and has been closely connected with the soil ever since. At the age of 20 he left Virginia to go to Illinois, where he farmed for ten years. It was in Illinois, in 1907 that he met Mrs. Dodson and they were married there.

From Illinois they went to Minnesota, where they remained for several years, farming, and then they felt the call north again. In 1912 the Dodsons' coming still farther north, culminated in Canada, Alberta, where they remained for a year. In early 1913 Dodson shipped a cargo of farm stock and equipment to Galford, and then drove through by wagon from Galford, through Tomahawk and Rocky Rapids, which was then located on a site two miles east of the present site. Then they came on through on the trail to where Drayton Valley now is but at that time there was not a single settler in the present location of the Drayton Valley townsite. Among their farm affairs were chickens which were a great boon to the early settlers.

The Dodsons' went just south of Drayton Valley site and filed on a homestead in Township 49, the first settlers to locate in that township. They filed on the quarter section where the A. Hodgson farm is now located, the mid-twenties they bought the quarter south side of what is now 50th Avenue and on the quarter on the north side of 50th Avenue also, which is the district on the east side of 50th Street on which much of the present townsite is located. They gave a three acre tract on what is now the north-east corner of 50th Ave. and 50th Street to the Church of God which later sold parcels of the land. The Dodsons' added in building the Church of God.

In 1922 they returned to Virginia where they remained for a

year, but, as Mrs. Dodson says, they "had drank Saskatchewan River water and couldn't be satisfied anywhere else", so they returned the following spring to this district. When they came into this district in 1913, they were among the very first settlers here. The same year with clearings of the proposed damsite on the Saskatchewan River had just started and Mr. Dodson got a freighting contract hauling freight from Galford to the power site, on the Saskatchewan River south of Drayton Valley, which was known as Powerhouse then. The freighters hauled half a ton each time with a two-horse wagon over roads that were nothing more than trails not of the way. They were allowed 4 days to make the round trip. In sections of the road corduroy had been put down and it was so rough that the Dodsons' were coming in on their first trip Mrs. Dodson got out when ever they came to a corduroy stretch and would walk, carrying the baby in her arms. It took them eight days to come from Galford to their home-stead site.

Settlers started coming in fairly steadily about that time, among those who were the first settlers the Dodsons' remember Harry Morrow, who had the place where the Mobil Oil office is now located, the Tuckers, who had come here in about 1911, Mrs. Maurice Jonston, Edward Winsted, Halmar Ransed's father, Gordon Wrook, Roy Piotti, Jimmie Taylor and the Brakes. They recollected that there was not a cable of any kind in what is now Drayton Valley townsite, until about 1915 when John Martin started the first store in the district.

Work on the dam was dropped late in 1915 with the start of World War I, but settlers had

Cont. on Page 2, Col. 3
